INTRODUCTION

The Maryland Heritage Areas Authority (MHAA) Grant Program is a source of funding designed to assist and encourage the preservation of historical, archeological, natural, and cultural resources, and support economic development through heritage tourism within heritage areas certified by the Maryland Heritage Areas Authority. Heritage area grant awards are made from the MHAA Financing Fund, a non-lapsing, revolving fund into which up to \$3 million is deposited annually. Regulations governing the program are available on the Internet at http://mht.maryland.gov/ – click on "Heritage Areas." The following is general information about the Heritage Areas Grant Program and instructions for completing the Certified Heritage Area Management Grant application package.

Note: Certified Heritage Area Management Grants were formerly known as Operating Assistance grants.

ELIGIBLE ACTIVITIES

To be eligible for a management grant under the Maryland Heritage Areas Authority Grant Program, the proposed activities must be consistent with the goals, objectives, strategies, and actions outlined in the approved Management Plan for the local Certified Heritage Area. Management grant funds may be awarded for the following types of heritage area management entity expenses:

- Staffing
- Rent, Utilities, Equipment, and Supplies
- Contractual Services

In addition, heritage areas may set aside up to 25%, but not more than \$10,000, of a Certified Heritage Area management grant for discretionary purposes. These funds may be used by the heritage area to provide assistance to heritage area partners (for example through a mini-grant program), to support one or more non-capital projects, or to pay for other non-capital expenses that support the goals and objectives of the heritage area management plan. All standard MHAA requirements for matching funds must be met for management funds utilized for discretionary purposes.

Management grant funds may <u>not</u> be used to pay for the following:

- Capital activities;
- Marketing activities eligible for funding through an MHAA Marketing grant (however, discretionary funds for mini-grants <u>may</u> be utilized to support marketing activities by non-profit organizations and local jurisdictions other than Heritage Area management entities); or
- Programming activities eligible for funding through an MHAA Programming grant.

(see MHAA Capital Project, Non-Capital Project, Programming Project and Marketing grant application instructions for additional information.)

ELIGIBLE APPLICANTS

Eligible applicants include the following:

- Non-profit organizations and local jurisdictions that have been identified as management entities of Certified Heritage Areas (CHAs).
- **Non-profit organizations** and **local jurisdictions** to which certified heritage area (CHA) management responsibilities have been delegated by a CHA management entity.

Non-profit organizations must be in good standing, qualified to do business in Maryland, and have the legal capacity and authority to incur obligations under the grant program. CHA management entities that currently receive direct operating support from the State of Maryland specifically for heritage area management activities are not eligible to participate in this grant program.

GRANT AMOUNTS AND MATCHING REQUIREMENTS

For Fiscal Year 2012 (FY12), Certified Heritage Area management entities may apply for up to \$100,000 in management grant funds. This amount is contingent upon sufficient funding being made available in the Maryland Heritage Areas Authority Financing Fund.

All grants must be matched in an amount at least equal to the grant (dollar for dollar match). The match must consist of a cash contribution/match equal to at least <u>75 PERCENT</u> of the grant amount requested from MHAA (e.g. if \$100,000 of MHAA grant funds is being requested, a minimum of \$75,000 of the grantees total

contribution/match must be cash). The balance of the applicant's contribution/match may consist of in-kind contributions. State of Maryland funds may **not** be used as match.

Applicants must submit proof of matching funds. This may consist of a financial statement, commitment letter, or other proof that the applicant has matching funds or in-kind contributions dedicated for the project. This proof of matching funds must be submitted to MHAA staff for review prior to final approval of grant awards by the Authority at its July meeting.

EVALUATION CRITERIA

The following criteria will be considered by MHAA in reviewing management grant proposals:

I) CONSISTENCY WITH THE HERITAGE AREA MANAGEMENT PLAN

• Are the activities to be performed by the Certified Heritage Area management entity consistent with the goals, objectives, strategies, standards, and actions outlined in the Certified Heritage Area management plan?

II) <u>CLARITY</u>

• Are the activities to be undertaken and the methods to accomplish those activities clearly stated, and is it clear what the products/results will be?

III) <u>DESIGN</u>

- Are the costs outlined in the budget reasonable for the services and products being obtained?
- Are project personnel (if known) appropriately qualified and experienced?
- Does the budget provide a detailed breakdown of how grant funds will be expended? For consultant services are products and pay rates/fees clearly specified; for staff time being used as match, is each staff person and their job function listed and the specific number of hours and hourly pay rate for each person provided?

IV) LEVERAGE

• Does the MHAA grant significantly leverage local government and/or private investment; is significantly more match leveraged than the required (required = dollar-for-dollar @ 75% cash, max. 25% in-kind); is a majority of the overmatch cash?

V) IMPACT

Will the proposed activities complete or assist in completing the goals, objectives, and actions outlined
in the Certified Heritage Area management plan; will the activities create new heritage tourism
products; will the activities help to strengthen heritage area partner organizations and institutions; will
the activities contribute to the development and sustainability of the Heritage Area management entity?

VI) READINESS

• Is the match firm and clearly documented to be available by the grant start date, or is some or all match not in-hand (e.g. does the application qualify some match as dependent on a non-awarded grant, requested donations, or projected future income)?

VII) <u>DEMONSTRATION VALUE</u>

- Do any proposed activities utilize methods or techniques that are transferable for statewide, regional, or local application?
- Do any proposed activities have the potential to be a "model" for other Certified Heritage Areas or partner organizations? Will a product unique for quality and innovation be produced?

VIII) ADMINISTRATIVE CAPABILITY OF APPLICANT

- Has the applicant received previous MHAA grants that have demonstrated good administrative capability, or does the applicant have a proven record of successfully administering grants from other agencies/organizations?
- Does the applicant have other open MHAA grant(s) from previous fiscal years? How and when will these projects be closed out?

IX) CONSERVATION AND PRESERVATION (*If applicable to proposed activities)

- Do the proposed activities increase the protection and enhancement of sites, structures, districts or landscapes which are deemed to be of historic, archaeological, cultural, natural or architectural significance?
- Are the proposed activities environmentally sensitive through their design, use of construction or other materials, or procurement practices?

GRANT TERMS AND CONDITIONS

All grantees will be required to enter into a grant agreement with the MHAA, which generally contains the following standard terms and conditions:

- <u>Grant Term</u>- All grant funds generally must be expended within 24 months of the date the grant agreement is signed by all parties, unless the MHAA agrees to a longer term or approves in writing an extension of the grant period.
- <u>Grantee Reporting Requirements</u>- The Grantee will submit to the Grantor progress reports of the Project which identify work completed, work still in progress and work newly initiated during the report period. The Grant Agreement will specify when progress reports are to be submitted. The Grantee will also furnish to the Grantor a Final Report of the Project that shall address how funds have been expended.
- Grant Disbursements- Disbursement will be made as the project progresses, as specified in the Exhibit A-Disbursement Schedule of the Grant Agreement. On request of the Grantee, MHAA may approve advance disbursements or amendments to the Grant Agreement Exhibit A-Disbursement Schedule on a case-by-case basis. Disbursements will be made upon request for payment submitted by the Grantee in a form satisfactory to MHAA, and upon fulfillment of the other requirements of the grant agreement. Documentation of all expenditures of MHAA and matching funds must be submitted to MHAA.
- Procurement Procedures Grant recipients are expected to ensure that costs for goods and services obtained to carry out the project are reasonable and customary for the type of work performed and materials procured.
 - 1) **Local governments:** Local government grant recipients shall follow their normal procurement procedures, and must be able to document that applicable procurement procedures were followed, if requested by the Grantor.
 - 2) **Non-profits:** Non-profit grant recipients shall utilize a procurement process that allows them to obtain project goods and services at reasonable and customary prices, and if requested by the Grantor, must be able to document that expenditures are reasonable and customary.
 - a) Procurements greater than \$500 and less than \$10,0000: Grant recipients are strongly encouraged to obtain written bids from two or more vendors for any goods and services for which costs are expected to be **greater than \$500 but not more than \$10,000**.
 - b) Procurements greater than \$10,000: If costs for any goods or services are expected to **exceed** \$10,000 written bids from at least 3 vendors must be obtained. Grant recipients must be able to provide documentation that at least 3 written bids were obtained, if requested by the Grantor
 - 3) When bids are obtained, grant recipients are not required to select the lowest bid, but must be able to provide documentation on why a vendor other than the low bidder was selected and what criteria other than the most favorable bid price were considered.
 - 4) Sole-source procurement of goods and services should not be utilized unless there is a demonstrable and justifiable need and it can be demonstrated that competitive procurement is impractical because only one product or service vendor can meet specific project requirements. As with all procurements, expenditures must be reasonable and customary for the type of goods and services being obtained. If requested by the Grantor, grant recipients must be able to document project requirements that justified the sole source procurement and that expenditures are reasonable and customary for the goods and services obtained.
- <u>Nondiscrimination</u>- Each applicant shall comply with all applicable federal, state and local laws and
 policies and programs regarding drug, alcohol and smoke free work places, disabled access and equal
 opportunity for employment, housing, credit practices and prohibiting discrimination on the basis of race,
 color, creed, religion, national origin, gender, marital status, familial status or physical and/or mental
 disabilities in any aspect of the grant project.
- <u>Acknowledgment</u> Grant recipients are required to provide appropriate acknowledgment of MHAA assistance for all projects in accordance with requirements outlined in the grant agreement.

GRANT SCHEDULE

Management Grant applications are submitted directly to MHAA. FY12 applications must be submitted to MHAA by no later than close of business on <u>April 1, 2011</u>. Once submitted, grant applications are first reviewed by MHAA staff for completeness. Complete applications are then forwarded to the MHAA Technical Advisory Committee (TAC) for review and recommendation. The recommendation of the TAC is forwarded to MHAA for review and final action at the Authority's July meeting. Meetings of the TAC and the MHAA are scheduled on an as-needed basis, but will be held, on average, not less than quarterly. MARYLAND CULTURAL DATA PROJECT: REQUIREMENT TO COMPLETE CULTURAL DATA PROFILE

MHAA participates in a collaborative partnership of public and private funders throughout the State of Maryland, the Maryland Cultural Data Project (MdCDP). For FY 2012, MHAA requires all grant applicants* to complete a Cultural Data Profile through the MdCDP Web site (www.mdculturaldata.org).

A profile for the most recent fiscal year must be submitted to MdCDP and a copy of the MHAA funder's report included with the grant application*.

*The current profile does not need to be marked complete by MdCDP prior to submission of the grant application, but it must have been submitted for review. If a grant is awarded, the current profile must be accepted by the MdCDP and marked complete before funds are disbursed.

What is MdCDP?

This statewide data collection effort for cultural and arts organizations is designed to provide an easier grant application process through the use of a standardized form for reporting applicant financial and organizational data. Further, applicants applying to more than one of the participating grant-giving programs will only need to complete this form once each year. In addition to creating a streamlined application process, applicants will benefit from this project through an enhanced ability to track their individual data and trends over time and compare how they operate relative to their peers and to the culture and arts sector at large. Uses and potential benefits of the MdCDP project include:

- Information for participating nonprofit organizations for use in benchmarking and capacity-building.
- Information for the cultural sector for the purposes of policy and program development and public relations.
- Information for participating grantmakers for use in their application process.
- Information for elected officials regarding the effectiveness of publicly-funded grant programs

How will my organization's information be used and accessed?

Each organization will have a login and password. You will only be able to view your own organization's information. Aggregate data will be available for the purpose of benchmarking, but it will not identify any specific organization's data. When you submit your information along with an application to one of the participating funders, they will be able to view your information and use it for grantmaking purposes.

How do I complete the MdCDP Profile?

In order to complete the Cultural Data Profile, organizations must first register at the MdCDP Web site (www.mdculturaldata.org) by creating an organizational login ID and password. After registering, you will have access to online training and can get support from the Help Desk during regular business hours. Applicants are asked to provide two years of financial and organizational data the first time they complete the Cultural Data Profile (Going forward, groups will only need to provide one year of data.). Information for the Cultural Data Profile is organized by fiscal year and data is only entered for completed fiscal years for which an approved financial audit or review exists. Organizations that are not audited or reviewed will enter data based on approved year-end financial statements.

How do I submit my information to MHAA?

Upon completion of the Cultural Data Profile, applicants should go to the "Funder Reports" section of the MdCDP Web site and print the pre-defined report for the Maryland Heritage Areas Authority application. Relevant information from the applicant's Cultural Data Profile will automatically be imported into the report. The printed report must is to be included with your application materials.

Applicants should direct questions concerning the Maryland Cultural Data Profile to:

ACTION PLAN

I. Overview

Describe the management needs of the heritage area, providing background information on the management structure and funding of the applicant. How will MHAA funding enhance the heritage area? Briefly discuss (additional information will be provided in Section "VIII. Sources of Funds" below) what major non-MHAA sources of funding currently are being utilized to support the Certified Heritage Area's operations (e.g. County support, fundraising events, memberships, donations, etc.), and what efforts the heritage area is making to secure additional funding from sources other than MHAA.

II. Methodology

Describe the activities for which management funding is being requested and describe how they are consistent with the goals and objectives of the Heritage Area management plan. Outline each step you will use to accomplish those activities. Activities outlined here should correspond with activities outlined in the Summary Scope of Work (Appendix I, section III), and Budget (Appendix III).

FINANCIAL SUPPORT

VIII. Sources of Funds

- A. **In-Hand Funds:** Identify and describe the source, type, and amount of funds your organization currently has **in hand** for this grant. Documentation that these funds are in hand must be submitted as part of this application.
- B. Funding Commitments: Identify and describe the source, type, and amount of funds not currently in-hand, but for which your organization has commitments to support heritage area operations prior to the start of the grant. Provide the names, addresses, and daytime phone numbers of these sources.
 Proof of matching fund commitments must be submitted to MHAA staff for review prior to final approval of grant awards by MHAA at its July meeting.
- C. Projected Funds: Identify and describe the source, type, amount, expected date of availability and expected date of notification of projected funds, i.e. funds that are not currently in-hand or for which your organization currently has no documentable commitments, but which you expect to receive prior to project initiation. For example, funds for which a grant application has been submitted, but notice of whether or not the grant was funded will not be received prior to final approval of grant awards by MHAA at its July meeting.

Proof that the funds have been applied for or requested must be submitted to MHAA <u>for review</u> prior to the June MHAA Technical Advisory Committee (TAC) meeting.

NOTE: MHAA may reduce the amount of a grant award if documentation of projected funds is not received prior to final approval of grant awards by MHAA at its July meeting. In no case will MHAA grant funds be disbursed prior to submission of documentation that projected funds are in-hand or there is a documentable commitment of funds.

IX. Other Support for the Project

Identify and describe support for the heritage area by state, county, or local governments, private, non-profit preservation organizations, or other heritage area partners. A letter of authorization from the certified heritage area management entity must accompany the application if the applicant is not the heritage area management entity.

APPENDIX III: MANAGEMENT BUDGET

Use the budget sheet included in the application file to prepare a budget. You may use the sample budget sheet below as a template if you prefer to create your budget in a word processing, spreadsheet, or other computer program. You must also submit an electronic/digital version of your budget. Please provide copies on two CD-R disks (you may put your budget and project narrative on the same CD-R); please label the disks with the heritage area name, and the names of all files and the programs used to create them. The budget should specify such expense categories as personnel, travel, equipment, supplies, rental costs, etc. The following sample budget is provided to illustrate both the process and format MHAA grant budgets must follow.

- 1. First, calculate your total cash needs for management of your heritage area. In this example, cash is required for Executive Director, Office Manager and Education/Outreach Coordinator salaries and benefits, telephone/internet service, copier use, travel, office supplies, and contractual services.
- 2. Calculate the available in-kind contributions/match. In this example, office space and furniture has been donated for the heritage area's use. The time spent by the heritage area management entity's volunteer preservation plan committee members is also included.
- 3. Add the total cash needs and available in-kind contributions/match together to find the total operating budget.
- 4. Enter the line items on the budget page provided. Items should be organized by cost category so that similar costs are grouped together, regardless of whether they are cash or in-kind items. Rates of pay or similar cost breakdowns should be included in each line item. Attach any estimates you have obtained to support your budget.

5. Finally, identify the sources of matching funds and in-kind contributions/match.

As part of Grantee's Final Report, Grantee must provide financial documentation to MHAA of all expenditures of MHAA grant funds and all cash and in-kind contributions utilized to meet these requirements.
